

DE task force

- Welcome
- No public comment
- Overview of what is in Share point
 - final formal recommendations documents, created a final table of the recommendations
 - Organization recommendation on the final document – move student learning and success above student access
 - Showed presentation and changes planning to do
- Suggestions and recommendations for formal presentation
 - Student learning (was instruction)
 - Student experience or student **success**? Yes, student success
 - Language in presentation/final spreadsheet is more generic than expert language taskforce has been using
- Will meet on Monday 13 April to review and practice before PBC
- Questions: How will online degrees still meet MOU's with CVC.
- Final message: Important to not take on too much to meet the basic needs, can't have advertised online degrees if we don't meet/complete recommendations
- Add to recommendations who should be on implementation team – include a couple of members who are on this specific taskforce.
